

TCM Forklift Part

TCM Forklift Parts - In the international industry of material handling, forklifts play an important part for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States, forklifts gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread globally.

First started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first lift truck. Through the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes various models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
