

Rockwell Part

Rockwell Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working in an environment that encourages the utmost integrity with empowered teamwork, together with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely dedicated to improving and preserving the natural world. AxleTech has an EHS program that not just protects the natural world but which likewise actively protects their employees and neighbors as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles meant for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to be able to meet particular application demands. They have more than 1000 different axle specs in their current offering. With over 100+ years of history and knowledge, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in various commercial and military applications. They provide complete axle assemblies used for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product selection.
