

## Electrical Parts for Forklifts

Forklift Electrical Parts - Forklifts could be specifically labeled for use in unsafe places. A labeled truck denotes the design has met the minimum requirements of ANSI/UL 558 utilized for engine powered forklifts or ANSI/UL 583 used for electric lift trucks for the type of label put.

The application for labels intended for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance provider and Fire Marshall for further information on the approved uses of industrial powered forklifts in your application.

If the forklift has been found to meet the outlined standards, the following labels can be put. A marked truck will have the model description put on the lift truck nameplate and will have one of the following labels put.
