Advance-Nilfisk Parts - Think about how tiresome it will be to clean up your very own house right after throwing a big party, with out aid from cleaning equipment. In the past, the time upholstery and carpets had the dirt beat out of them by hand; brooms, cleaning cloths and brushes were the leading cleaning materials during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the business in the year 1906, he began to produce motors to be able to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the beginning was to own an international business advertising goods worldwide.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by a single individual. This invention came in a time where many cleaning machines were massive and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the method we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an existing dilemma; stuff get dirty and should be cleaned frequently, without a lot of effort.

Gradually, the company Nilfisk-Advance grew through the years. In the the early part of the nineteen eighties the company expanded more rapidly when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, aspiring to be an active international player in manufacturing professional cleaning machines. Nilfisk-Advance is presently found in all parts of the world due to steadily obtaining many small businesses so as to develop their product range and presene in new markets. They are really proud to present a range of cleaning solutions to meet every requirement.
